Event Schedule

Groups	Check in	Approximate finishing time
Group 1	8:45 to 9:00	11:00
Group 2	11:00 to 11:15	13.15
Group 3	13.15 to 13.30	15.30

Conduct: When not on the test please drive slowly, pedestrians may not be paying attention and we wish to remain friends with Donington.

Scrutineering: There is no scrutineering on the day, random checks for safety and eligibility will happen whilst the event is under way. You must still bring all your paper documentation with you.

Check-In: Your car numbers must be visible as you enter the paddock. Your car should be ready to compete, on the tyres you will use, and all loose equipment ready to be removed quickly. Report to the Check In Marshal at Gate 1 before parking up in the event paddock.

The Tests: There is one test site. You will get three attempts at each test layout, best 2 to count. We plan to run two different layouts. To facilitate this please report for driving and marshalling duties promptly.

Walking the Tests: It is strongly recommended that you walk the tests to familiarise yourself with the route. There will be time to walk each layout in turn. Please walk the first test immediately after Checking-In. We have allowed a maximum of 15 minutes for walking the test. This is why your car should be nearly ready to go when you check in.

Marshalling: You will be helping with the marshalling. The Marshalling coordinator will be at Gate 1 to check this. Each group is divided into batches RED & BLUE. RED will drive the first test whilst Blue is marshalling. For the second test layout BLUE will drive first. Report to the Marshals Coordinator as soon as you can.

Documentation: All pre-event documentation is electronic and must be submitted before the day. Any changes to your entry must be notified to the organisers before the Tuesday preceding the event.

Results Service: All timing & results are on the "TimingAppLive" phone app. This can be downloaded for free. Remember to refresh your screen.

Numbers: You must supply your own numbers either using the template supplied or making your own, the digits must be at least 5cm tall, and for shared cars it must be clear which competitor is driving.

Entry List and Groups: A copy is with these final instructions. These are also available on both club websites. It is important that you know which Group and Colour you are in.

Catering & Toilets: Garage 39 will be open for takeaway only. You are welcome to use this but there will not be a break between your runs. The toilets will be open.

Trailers: Any Competitor who brings a trailer into our paddock will be taking part in the PCA and not scoring championship points.

Kit: you can bring your spares and kit into the paddock with you, but we have not allowed time for changing wheels, erecting tents or other activities so do as much as you can before checking in.

Face Coverings: Whenever two people are in the same car, face masks must be worn. This is a Motorsport UK requirement, even if you are from the same household.

High Visibility or Tabbards We will not be issuing these, wherever possible please can you bring your own.

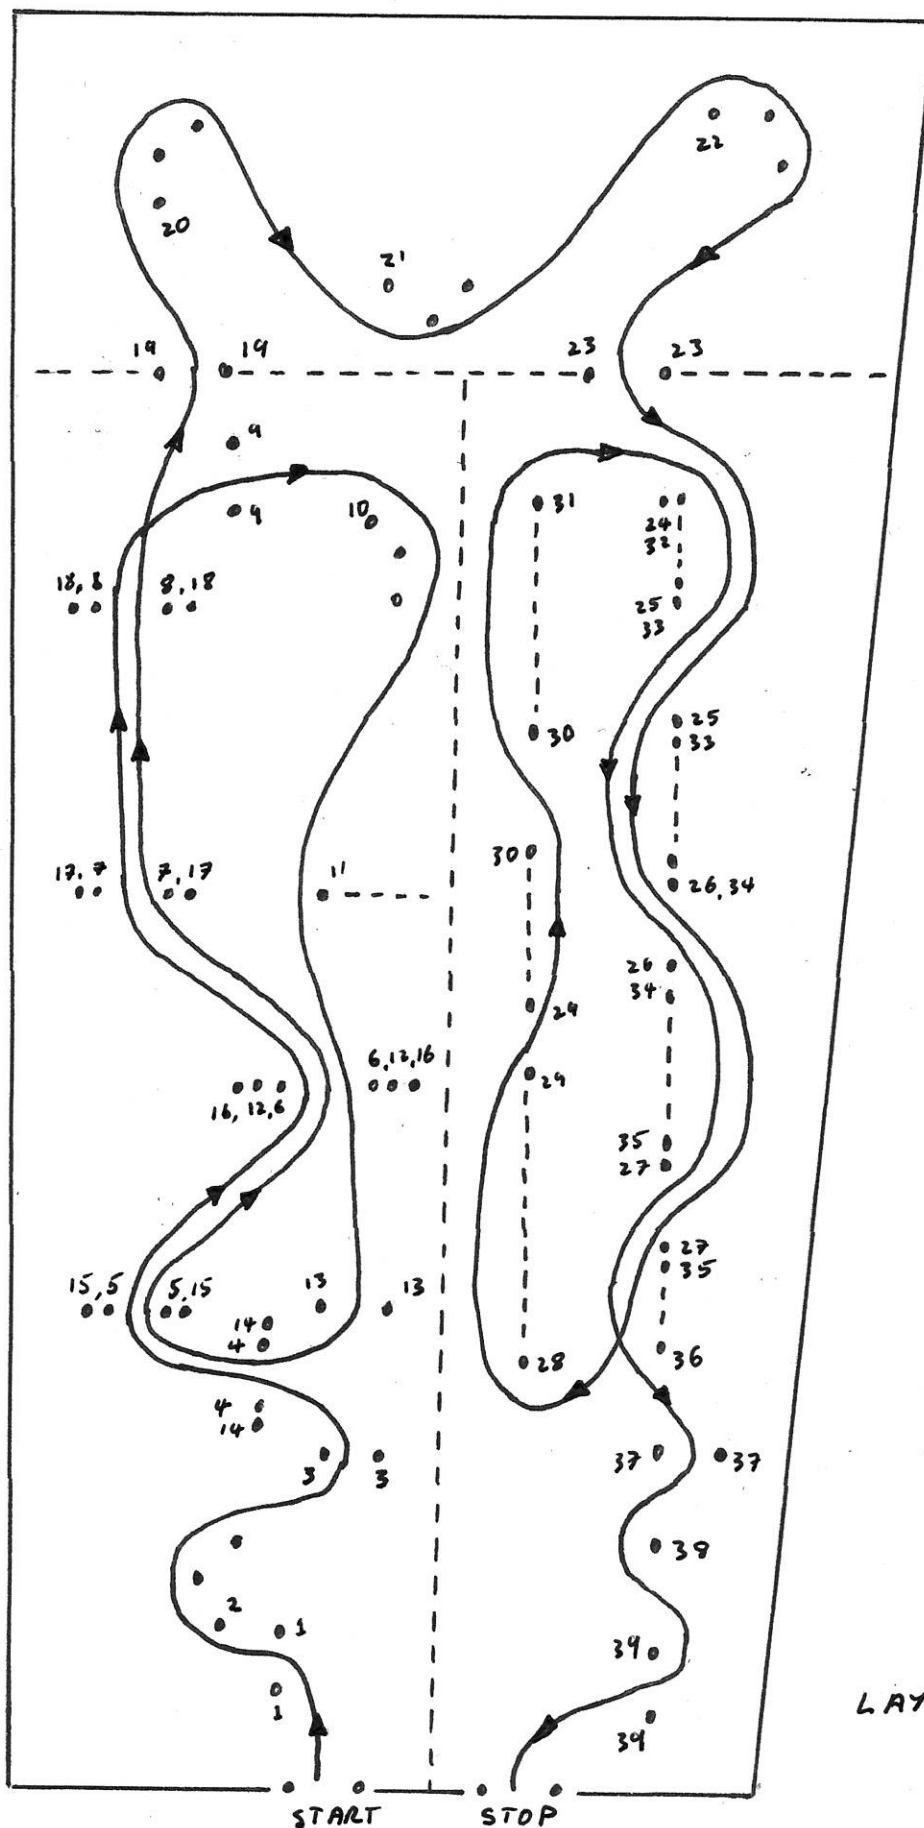

Social Distancing: This must be observed at all times.

Notice Board: This can be found on www.loughboroughcarclub.co.uk

Check Sheets: If you want to keep a written record of your time, you need to bring your own means of doing this..
