

THE CHRISTMAS 12 CAR RALLY

TUESDAY 3RD DECEMBER 2024

Festive frolics around the lanes with around 55 miles of competitive motoring in Nottinghamshire and Leicestershire on Map 129 (latest edition required), organised by Richard Lumb and Chris Bravington.

Start and finish at the Greyhound, Burton on the wolds (129/591212) – first car away at 8:00. Navigation will be varied but straightforward with help sheets for Novices and plotting in advance for Beginners. Absolute Beginners will get a pre-plotted map.

Chip butties will be at the finish.

This Christmas event the first of the season and we welcome both new crews and experienced crews alike. Some marshals and a course closer would also be welcome.

Entries are online and you will need the latest version of RallyAppLive on a fully charged mobile phone inside the car. Most of the admin is done on screen but you will still need to record code boards on your time card.

We can't promise snow or blizzards but look forward to seeing you on the night.

Richard & Chris
